WARNING

Electro-optical sunglare filters/electro-optical sunglass filters are not for use by individuals who are susceptible to photosensitive seizures.

This protect is intended to protect against the risk to the damage to the eyes due to exposure to sunlight (other than during observation of the sun).

Not for direct observation of the sun.

Not suitable for driving at night or under condition of dull light.

Not for protection against artificial light sources, e.g. solaria.

Not for use as eye protection against mechanical impact hazards.

CLEANING AND MAINTENANCE

Glasses come with a microfiber case and/or cloth for cleaning and maintenance. It is advisable to wash them and dry them by hand regularly. We recommend using mild soap and water, avoiding the use of solvents or alcohol. They should be dried off with the case and/or cloth, avoiding dirty or abrasive cloths.

For best conservation of the product, do not place them upside down and keep them, whenever not being worn, inside their case, avoiding continuous direct exposure to the sun and high temperatures.

Store at a temperature between -10°C and $+35^{\circ}\text{C}$.

Use original accessories and spare parts.

This product complies with the essential health and safety requirements set out in Regulation (EU) 2016/425 and meets the EN ISO12312-1:2013+A1:2015 standard.
