3. Compliance Information

This product is a motorcycle luggage accessory. It complies with the applicable requirements of relevant European Union directives based on its product category.

NOTE: The buyer/user bears ultimate responsibility to ensure that the installation and use of this product, especially regarding load securement and non-interference with vehicle controls, comply with all applicable local traffic laws and vehicle regulations in their country or region.

4. Safety & Warnings

⚠ Read all instructions before use.

【Mounting】Check all straps and buckles before each ride. Ensure bag is securely fastened and will not shift.

【Straps】Secure excess strap length to prevent entanglement in wheels/chain.

【Heat】Keep away from exhaust and hot engine parts.

【Children】Keep packaging out of reach of children.

5. Instructions for Use

【INSTALLATION】

Secure all straps to frame or passenger pegs. Tighten securely.

For hard cases: Ensure case is locked to mounting plate.

For magnetic bags: Ensure strong magnetic hold; use safety strap if provided.

【PRE-RIDE CHECK】

Move handlebars and compress suspension to check clearance.

Ensure bag does not obstruct lights or license plate.

【MAINTENANCE】

Clean with soft damp cloth. No harsh chemicals.

Check and retighten straps every 500 km.

Dry thoroughly if wet before storage.
