Connecting Bluetooth

1.Open the charging compartment cover (earphones turn on automatically).

2.Turn on your phone's Bluetooth and click <OHAYO OpenPods T10> to pair.

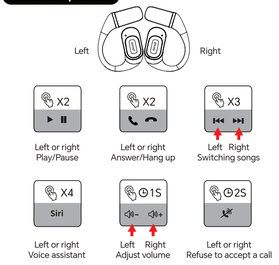

(1) During the pairing process, the status light on ④ blinks alternately in white and green. After the pairing is successful, the light goes out accompanied by a prompt sound.
(2) When there is a paired record of mobile phones, turn on the Bluetooth function of the mobile phone, and the earphones will automatically reconnect.

Reset

If there are any connection or functionality issues with the earphones, please reset the earphones.
1.Delete the BT pairing information on your mobile phone (simultaneously tap the touch keys on both the left and right earpieces five times to clear the pairing record between the earphones and the mobile phone).
2.Put the earphones into the charging case to charge them.
3.Take out the earphones and wait for 20 seconds.
(If the above operations don't work, please try again.)
